

Professional **I-light** lighting system with 12 dimmable I-light lighting lenses

Extruded anodized aluminium profile, 5° splay internal reverse side

Wall-mounted mirrors with diffused and adjustable lighting based on I-light technology. This exclusive technology yields a 180° light around the face and remove any shadow area.

The mirror does not need any lamp, because it encases the special I-light Opaltech lenses. The I-light technology reflects a led colour mixing at 4200° Kelvin (morning natural light hue).

We recommend this mirror for academies, beauty salons and perfumeries

- ◆ Anodized aluminium frame with silver chrome finish or painted white/black
- ◆ **Splayed 5° frame**
- ◆ Lighting system with 12 **I-light** dimmable lenses
- ◆ **Customizable** with company logo or name/text
- ◆ **Handcrafted in Italy**
- ◆ 110V-240V compatible

ILLUMINATED MIRRORS COLLECTIONS

Cantoni has combined the professional quality of the exclusive I-light lighting system (create specifically for make up artists) with large wall mirrors created with essential and simple lines.

The carefully researched distance between the light points, the perfectly neutral colour temperature of 4200 kelvin, the low energy consumption and the total absence of heat emission make them perfect for makeup, professional hairstyling in beauty salons, pharmacies, commercial spaces and makeup schools.

Cantoni's illuminated wall mirrors are divided into two ranges: **MDE** and **SP** Italian handcrafted production.

ANODISED ALUMINIUM 40 MM

ITALIAN PRODUCTION
Advanced machines and **robotic procedures**,
to ensure **maximum accuracy**

ILLUMINATED WALL MIRRORS

SHELF - Shelves line

Ice effect methacrylate with anodized aluminium profile.
